Past Events Overview

During this past month, our events have gone smoothly. Our VITA program has finished tax season on the last week of March. There were about 400 tax returns e-filed with a total refund amount of approximately \$500,000.

We recently had our community service with Meals on the Wheels, Tiny Stars, and Huntington Beach Clean Up. All were highly attended by members. We helped fundraise for the elderly who receive meals weekly and law enforcements that combat human rights abusers.

For ABSOC's First Annual Talent Show, Julian Arevalo, Director of Accounting Society, placed first. Also, two other accounting students placed in the top 3. Videos and pictures of the event are posted on our website.

Lastly, the Candidate Fundraiser was a huge success. It was a great event to start off Spring Break and was highly attended by members and alumni. The candidates were able to raise more than \$1,400 with most of their prizes coming from donations, which helped reduce the cost. We would like to thank the alumni that continue to come to our events and show their support!
