

BETA ALPHA PSI NEWSLETTER

GAMMA OMEGA CHAPTER

ANNOUNCEMENTS

The chapter has been ripe with activity this past publishing period. Members of Beta Alpha Psi and Accounting Society have gone to five community service events as well as two socials.

In addition, one new officer position has been added to the Gamma Omega officer board. Starting Fall 2014, the chapter's first Director of Professional Development will be serving on an officer board of eight members.

CLOSING STATEMENT

It has been a pleasure and an honor to contribute to an organization that truly enriches the experience of its members. The Director of Correspondence is the Editor-In-Charge for the organization's alumni newsletter. The newsletter was brought back four semesters ago (including Spring 2014), and has been a real pleasure to work on.

I had the privilege to witness the chapter serve the community at large, and the fortune to be able to work with such outstanding individuals.

The quality of a newsletter is based on its content; the content shapes how each page will turn out. If it were not for the willingness of the members to attend events, and the luck and talent that I or someone with a camera had, then the quality of the newsletter would have diminished.

My term is now over, and this is the last issue for the Spring. Volume 5 will pick up where this issue leaves off. The Fall 2014 Director of Correspondence will pick up where I left off.

UPCOMING EVENT

SPRING 2014 AWARDS AND INITIATION BANQUET

THURSDAY, MAY 1

6:00 PM TO 9:00 PM

THE MARRIOTT, LONG BEACH

ORANGE COUNTY FOOD BANK

On the first weekend of April, Beta Alpha Psi and Accounting Society participated in a number of community service events, one of them being the OC Food Bank. The OC Food Bank, which the chapter participated in last semester on October 5, 2013, and again on April 5, 2014, is one of the more popular community service events among members.

Last semester, members packed boxes of food containing canned food, juice, and vegetables, of which would later go on to feed the elderly.

This time around, three pounds of potatoes, oranges, and yams were packed. Each bag would later go on to feed a child. The food is acquired at a pay-for-freight basis from local farmers.

For this community service event, well over 4,000 pounds of food were packed, which is 1,000 pounds above the quota for the shift (8:00 a.m. to 10:30 a.m.).

Walk for Kids!

MU CANDIDATE CLASS FUNDRAISER

Every semester, a Beta Alpha Psi and Accounting Society fundraiser is held. It is led by the current candidate pledge class cabinet, and carried out by its pledge members.

This time around, the Mu Candidate class held their fundraising event at Buffalo Wild Wings on April 24. This is a major change from last semester's Lambda class fundraiser at Domenico's on 2nd street.

Last semester, the Lambda class raffled off an iPad. This semester, the Mu Class raffled off a Playstation 4 as well as many other prizes.

In terms of how much was raised, the Mu Class brought in roughly \$3,400 for the organization.

The night was a massive success, and it is all thanks to the hard work of the Spring 2014 Mu Candidate Pledge Class.

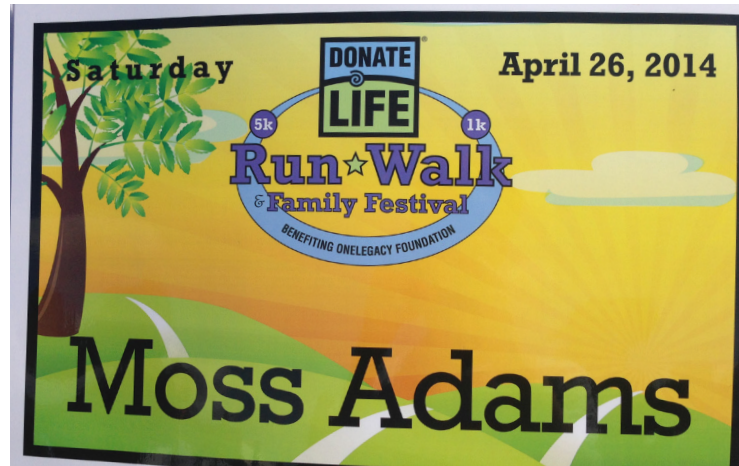

DONATE LIFE RUN/WALK

The last community service of the semester happened to be the Donate Life Run/Walk 5k presented by Moss Adams LLP.

The event was hosted at Cal State Fullerton on April 26. Volunteers arrived at 6:00 a.m. while 5k/1k participants arrived by 8:30 a.m. The actual run/walk started at 9:00 a.m., and had several thousand participants from the local community.

The event raised \$397,623, of which benefits the OneLegacy foundation, a foundation based on “saving lives through organ, eye, and tissue donation.”

Cal State Long Beach Beta Alpha Psi members participated with the Moss Adams team for the event.
